

Issue Date 28-Jun-2016

Revision Date 28-Jun-2016

Version 1

## 1. IDENTIFICATION

### Product identifier

**Product Name** Shar-Teb 3.6FL Fungicide

### Other means of identification

**Product Code** 83529-11  
**Synonyms** Tebu-Crop 3.6F  
 Tebu-Turf 3.6F  
 Tebusha 3.6FL  
**Registration Number(s)** 83529-11

### Recommended use of the chemical and restrictions on use

**Recommended Use** Fungicide  
**Uses advised against** No information available

### Details of the supplier of the safety data sheet

**Manufacturer Address**  
 Sharda USA LLC  
 P.O. Box 640  
 Hockessin, DE 19707  
 Website: www.shardausa.com

### Emergency telephone number

**Company Phone Number** 610-350-6930 (US)  
 +91 22 5678 2800 (India)  
**Emergency Telephone** CHEMTREC: 800-424-9300  
 CHEMTREC: 703-527-3887  
 POISON CONTROL CENTER: 800-222-1222

## 2. HAZARDS IDENTIFICATION

### Classification

#### **OSHA Regulatory Status**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

|                       |            |
|-----------------------|------------|
| Acute toxicity - Oral | Category 4 |
| Reproductive toxicity | Category 2 |

### Label elements

#### **Emergency Overview**

#### **Warning**

#### **Hazard statements**

Harmful if swallowed  
 Suspected of damaging fertility or the unborn child

**Appearance** aqueous solution**Physical state** liquid**Odor** Slight**Precautionary Statements - Prevention**

Obtain special instructions before use  
Do not handle until all safety precautions have been read and understood  
Use personal protective equipment as required  
Wash face, hands and any exposed skin thoroughly after handling  
Do not eat, drink or smoke when using this product

**Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention  
IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell  
Rinse mouth

**Precautionary Statements - Storage**

Store locked up

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

**Hazards not otherwise classified (HNOC)**

Not applicable

**Other Information**

Toxic to aquatic life with long lasting effects.

**Unknown acute toxicity**

0% of the mixture consists of ingredient(s) of unknown toxicity

**3. COMPOSITION/INFORMATION ON INGREDIENTS****Substance**

Not applicable

**Mixture**

| Chemical Name             | CAS No      | Weight-% |
|---------------------------|-------------|----------|
| Other inert ingredients * | Proprietary | 30 - 60  |
| Tebuconazole              | 107534-96-3 | 38.7     |
| Glycerin *                | 56-81-5     | 1 - 5    |

\*The exact percentage (concentration) of composition has been withheld as a trade secret. If CAS number is "proprietary", the specific chemical identity and percentage of composition has been withheld as a trade secret.

**4. FIRST AID MEASURES****Description of first aid measures****General advice**

Call a poison control center or doctor for treatment advice. Have the product containers or label with you when calling a poison control center or doctor, or going for treatment.

|                                           |                                                                                                                                                                                                                                                            |
|-------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>                        | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison control center or doctor for treatment advice.                                  |
| <b>Skin contact</b>                       | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before reuse. If skin irritation persists, call a physician. Call a poison control center or doctor for treatment advice. |
| <b>Inhalation</b>                         | Move victim to fresh air. If breathing is irregular or stopped, administer artificial respiration. Call a physician or poison control center immediately. Administer oxygen if breathing is difficult.                                                     |
| <b>Ingestion</b>                          | Call a physician or poison control center immediately. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person.                                                                                               |
| <b>Self-protection of the first aider</b> | Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.                                                                                                                                            |

**Most important symptoms and effects, both acute and delayed**

**Symptoms** May cause redness and tearing of the eyes.

**Indication of any immediate medical attention and special treatment needed**

**Note to physicians** No specific antidote. Treat symptomatically.

**5. FIRE-FIGHTING MEASURES****Suitable extinguishing media**

Dry chemical, CO<sub>2</sub>, water spray or regular foam. Move containers from fire area if you can do it without risk. Dike fire-control water for later disposal. Water spray, fog or regular foam.

**Unsuitable extinguishing media** None.

**Specific hazards arising from the chemical**

Thermal decomposition can lead to release of irritating and toxic gases and vapors.

**Hazardous combustion products** Carbon oxides. Hydrogen chloride.

**Explosion data**

**Sensitivity to Mechanical Impact** None.

**Sensitivity to Static Discharge** None.

**Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Cool containers / tanks with water spray.

**6. ACCIDENTAL RELEASE MEASURES****Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Evacuate personnel to safe areas. Ensure adequate ventilation, especially in confined areas. Use personal protective equipment as required. Keep people away from and upwind of spill/leak.

**For emergency responders** Use personal protection recommended in Section 8. Ventilate the area.

**Environmental precautions**

**Environmental precautions** Prevent entry into waterways, sewers, basements or confined areas.

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Cover liquid spill with sand, earth or other non-combustible absorbent material. Sweep up and shovel into suitable containers for disposal.

## 7. HANDLING AND STORAGE

**Precautions for safe handling**

**Advice on safe handling** Use personal protective equipment as required. Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product. Do not breathe dust/fume/gas/mist/vapors/spray. Avoid contact with skin, eyes or clothing.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep container tightly closed in a dry and well-ventilated place. Keep out of the reach of children. Keep away from food, drink and animal feeding stuffs. Keep in properly labeled containers.

**Packaging materials** Do not reuse container.

**Incompatible materials** Strong oxidizing agents.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

**Control parameters**

**Exposure Guidelines**

| Chemical Name       | ACGIH TLV | OSHA PEL                                                                                                      | NIOSH IDLH |
|---------------------|-----------|---------------------------------------------------------------------------------------------------------------|------------|
| Glycerin<br>56-81-5 | -         | TWA: 15 mg/m <sup>3</sup> mist, total<br>particulate<br>TWA: 5 mg/m <sup>3</sup> mist, respirable<br>fraction | -          |

NIOSH IDLH Immediately Dangerous to Life or Health

**Appropriate engineering controls**

**Engineering Controls** Ensure adequate ventilation, especially in confined areas. And. Showers. Eyewash stations. Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** Wear safety glasses with side shields (or goggles).

**Skin and body protection** Wear suitable protective clothing. Wear protective butyl rubber gloves. Protective shoes or boots.

**Respiratory protection** Ensure adequate ventilation, especially in confined areas. If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

**General Hygiene Considerations** When using do not eat, drink or smoke. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with skin, eyes or clothing. Wash hands thoroughly

after handling. Keep away from food, drink and animal feeding stuffs. Wash contaminated clothing before reuse.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                                |                          |                         |                          |
|--------------------------------|--------------------------|-------------------------|--------------------------|
| Physical state                 | liquid                   | Odor                    | Slight                   |
| Appearance                     | aqueous solution         | Odor threshold          | No information available |
| Color                          | Off-white                |                         |                          |
| <b>Property</b>                | <b>Values</b>            | <b>Remarks • Method</b> |                          |
| pH                             | 5.72                     | solution (1 %)          |                          |
| Melting point / freezing point | No information available |                         |                          |
| Boiling point / boiling range  | No information available |                         |                          |
| Flash point                    | > 100 °C / > 212 °F      | Seta Closed Cup         |                          |
| Evaporation rate               | No information available |                         |                          |
| Flammability (solid, gas)      | No information available |                         |                          |
| Flammability Limit in Air      |                          |                         |                          |
| Upper flammability limit:      | No information available |                         |                          |
| Lower flammability limit:      | No information available |                         |                          |
| Vapor pressure                 | ~17 mmHg                 | @ 25 °C                 |                          |
| Vapor density                  | No information available |                         |                          |
| Relative density               | 1.1                      |                         |                          |
| Water solubility               | Miscible in water        |                         |                          |
| Solubility in other solvents   | No information available |                         |                          |
| Partition coefficient          | No information available |                         |                          |
| Autoignition temperature       | No information available |                         |                          |
| Decomposition temperature      | No information available |                         |                          |
| Kinematic viscosity            | No information available |                         |                          |
| Dynamic viscosity              | No information available |                         |                          |
| Explosive properties           | Not an explosive         |                         |                          |
| Oxidizing properties           | Not applicable           |                         |                          |

### Other Information

|                  |                          |
|------------------|--------------------------|
| Softening point  | No information available |
| Molecular weight | No information available |
| VOC Content (%)  | No information available |
| Density          | No information available |
| Bulk density     | No information available |

## 10. STABILITY AND REACTIVITY

### Reactivity

No data available

### Chemical stability

Stable under recommended storage conditions.

### Possibility of Hazardous Reactions

None under normal processing.

### Conditions to avoid

Elevated Temperature. Storage near to reactive materials.

### Incompatible materials

Strong oxidizing agents.

### Hazardous Decomposition Products

Thermal decomposition can lead to release of irritating and toxic gases and vapors. Nitrogen oxides (NOx). Carbon oxides. Hydrogen chloride.

## 11. TOXICOLOGICAL INFORMATION

**Information on likely routes of exposure****Product Information**

|                     |                                         |
|---------------------|-----------------------------------------|
| <b>Inhalation</b>   | No data available.                      |
| <b>Eye contact</b>  | Contact with eyes may cause irritation. |
| <b>Skin contact</b> | No data available.                      |
| <b>Ingestion</b>    | Harmful if swallowed.                   |

| Chemical Name               | Oral LD50             | Dermal LD50          | Inhalation LC50                     |
|-----------------------------|-----------------------|----------------------|-------------------------------------|
| Other inert ingredients     | > 90 mL/kg ( Rat )    | -                    | -                                   |
| Tebuconazole<br>107534-96-3 | = 3352 mg/kg ( Rat )  | > 5 g/kg ( Rat )     | > 800 mg/m <sup>3</sup> ( Rat ) 4 h |
| Glycerin<br>56-81-5         | = 12600 mg/kg ( Rat ) | > 10 g/kg ( Rabbit ) | > 570 mg/m <sup>3</sup> ( Rat ) 1 h |

**Information on toxicological effects**

**Symptoms** May cause redness and tearing of the eyes.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                 |                                                                                      |
|---------------------------------|--------------------------------------------------------------------------------------|
| <b>Sensitization</b>            | No information available.                                                            |
| <b>Germ cell mutagenicity</b>   | No information available.                                                            |
| <b>Carcinogenicity</b>          | No information available.                                                            |
| <b>Reproductive toxicity</b>    | Product is or contains a chemical which is a known or suspected reproductive hazard. |
| <b>STOT - single exposure</b>   | No information available.                                                            |
| <b>STOT - repeated exposure</b> | No information available.                                                            |
| <b>Aspiration hazard</b>        | No information available.                                                            |

**Numerical measures of toxicity - Product Information**

The following values are calculated based on chapter 3.1 of the GHS document .

|                        |                 |
|------------------------|-----------------|
| <b>ATEmix (oral)</b>   | 1,292.00 mg/kg  |
| <b>ATEmix (dermal)</b> | 12,933.00 mg/kg |

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

Toxic to aquatic life with long lasting effects

61.3 % of the mixture consists of component(s) of unknown hazards to the aquatic environment

| Chemical Name               | Algae/aquatic plants                  | Fish                                               | Crustacea                            |
|-----------------------------|---------------------------------------|----------------------------------------------------|--------------------------------------|
| Tebuconazole<br>107534-96-3 | Green algae (96-hr EC50) = 1.449 mg/L | Fish (96-hr LC50) = 4.266 mg/L                     | Daphnia magna (48-hr EC50) = 11 mg/L |
| Glycerin<br>56-81-5         | -                                     | 51 - 57: 96 h Oncorhynchus mykiss mL/L LC50 static | 500: 24 h Daphnia magna mg/L EC50    |

**Persistence and degradability**

Not readily biodegradable.

**Bioaccumulation**

Not likely to bioaccumulate.

| Chemical Name       | Partition coefficient |
|---------------------|-----------------------|
| Glycerin<br>56-81-5 | -1.76                 |

**Other adverse effects**

This mixture contains no substance considered to be persistent, bioaccumulating nor toxic (PBT)

### 13. DISPOSAL CONSIDERATIONS

**Waste treatment methods****Disposal of wastes**

Pesticide wastes may be acutely hazardous. Improper disposal is a violation of federal law. Disposal should be in accordance with applicable regional, national and local laws and regulations. Contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance on proper disposal of waste product.

**Contaminated packaging**

Disposal should be in accordance with applicable regional, national and local laws and regulations. Consult product label for additional information. Do not reuse container.

### 14. TRANSPORT INFORMATION

**DOT**

Not regulated

**TDG**

Not regulated

**IATA**

|                      |                                                                                    |

### US Federal Regulations

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### SARA 311/312 Hazard Categories

|                                   |     |
|-----------------------------------|-----|
| Acute health hazard               | Yes |
| Chronic Health Hazard             | No  |
| Fire hazard                       | No  |
| Sudden release of pressure hazard | No  |
| Reactive Hazard                   | No  |

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

### US State Regulations

#### California Proposition 65

This product does not contain any Proposition 65 chemicals

#### U.S. State Right-to-Know Regulations

| Chemical Name       | New Jersey | Massachusetts | Pennsylvania |
|---------------------|------------|---------------|--------------|
| Inert ingredients   | -          | -             | X            |
| Glycerin<br>56-81-5 | X          | X             | X            |

#### U.S. EPA Label Information

EPA Pesticide Registration Number 83529-11

#### EPA Statement

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

#### Difference between SDS and EPA Pesticide label

CAUTION: Causes moderate eye irritation. Do not get in eyes or on clothing. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes, and clothing. Avoid breathing vapor or spray mist.
